

installation instruction

Note: 1. Please read this manual carefully before installation.

2. To protect the product, wear cotton gloves during installation to avoid scratching and damaging the lamp body.

3, such as the lamp power cord damage can not continue to use, please professional maintenance or return the manufacturer to repair.

Please install the customer before the installation personnel must cut off the power before installation, to ensure safety and then install the installation method provided by the company, if you do not comply with the company's methods and cause guest losses, the company will not bear any responsibility.

Installation instructions: 1. Use serial numbers 9 and 7 to fix serial number 8 on serial number 6.

2. Connect the wire on the serial number 6 to the terminal block number 10;

3, put the serial number 12 into the lower part of the serial number 11

4, after a good light source, hang serial number 11 to serial number 10

5, insert serial number 5 into serial number 4

6, and use the serial number 1,2 serial number 4 fixed on the serial number 3, to serial number 3 stand up and slowly lock flat

Note: 1. In the installation process 6, two people must complete the cooperation. One person locks the bottom plate and one person holds the lamp post and lampshade.

2, We must lock up serial No. 3 and slowly lay flat. To make the lamp body rise slowly, remember to use too much force and stand up at once, and the lamp post will break. (The lamppost is a high-fibre product. The lamp relies on the weight of the lampshade to bend the lamppost. The weight we designed matches the capacity of the lamppost. If it is not handled properly, it will cause a break when the force is too strong.)

3, installed and found that the lamp body to the side of the ramp, it is the pole that is above the pole, and appropriate to reverse the direction of adjustment of the small pole!

This product has been tested for a long time and can be used for a long time after it is installed.

After installing the lamp, please keep the instructions.
