Description

Once again, Radilum surprises with this very conceptual pendant light. The light sources are apparent and let reveal a very pleasant light, sweet and poetic. Its design is still very simple but a rare elegance, which is why this lighting is very easy to adapt. In all interior styles, it is a warm atmosphere assured. This light can find its place in a hallway, a dining room or a living room ... It is particularly appreciated above a dining table!

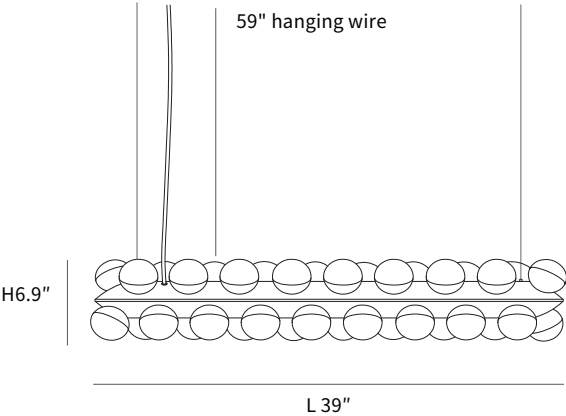

Drawing

The above dimensions are measured manually and may have an error of 0.1-0.3".
